Ryan,

I am still awaiting feedback from our Driver License Division, but I wanted to send you a map of Texas with all of the current Driver License office locations marked. Please see the attached document.

Ryan,

Thank you for contacting me. There are programs being discussed, but please allow me to speak with Assistant Director Joe Peters of our Driver License Division on Monday so that I can provide more thorough follow up.

Candace,

My name is Ryan Skrobarczyk and I am the Legislative Director for State Rep. Kyle Kacal. Recently while traveling through the district the Representative has been approached a number of times about the new Voter ID laws and specifically if there will be an attempt to get ID's to local people in disadvantaged counties that do not currently have a DPS office. Are you aware of any efforts on behalf of the department to meet this request?

Thank you,

**Ryan Skrobarczyk**
